Diagram illustrating the cross-section of a railway track structure. The components and dimensions are labeled as follows:

- тротоар** (Curb): The area on the left side of the track bed.
- ригол** (Gully): The drainage channel located between the curb and the track bed.
- коловоз** (Track bed): The central area where the rails are laid.
- тротоар** (Curb): The area on the right side of the track bed.
- одводни јарак** (Drainage ditch): The ditch located to the right of the curb.

Dimensions (in meters) are indicated below the diagram:

- 1.5 (Width of the left curb)
- 0.75 (Width of the gully)
- 6.5 (Width of the track bed)
- 1.5 (Width of the right curb)
- 2.5 (Width of the drainage ditch)

Схема поперечного сечения тротуара с бордюром и коловозом. Размеры: тротуар 1,5 м, бордюр 1,5 м, коловоз 6,5 м, тротуар 1,5 м, отводный ярок 2,5 м.

Схема дорожки с тротуаром, коловозом и ригелем. Размеры: 1,5 м (тротуар), 0,75 м (ригель), 6,5 м (коловез), 1,5 м (тротуар).

тротуар коловоз тротуар одводни јарак

1,5 6,5 1,5 2,5

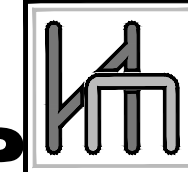

Diagram illustrating the layout of a railway track section. The track consists of a central section of 5 meters, flanked by two 0.75-meter sections, and two 1.5-meter sections at the ends. The track is labeled with dimensions: 1.5, 0.75, 5, 0.75, and 1.5. The track is also labeled with the names of the sections: тротоар (sidewalk), ригол (gutter), коловоз (railway track), ригол (gutter), and тротоар (sidewalk).

Схема тротуара с шириной 1,25 м и шириной колево 4,5 м.

Diagram of a three-span bridge structure. The spans are labeled as 1,5, 3,5, and 1,5 meters. The structure is supported by three piers, with the middle pier labeled 'коловоз' (pier) and the side piers labeled 'тротуар' (sidewalk).
